H-DOME-36	PC-HD-36	36"	37"	250
H-DOME-48	N/A	48"	49"	400

Features: 180 degree viewing area. Half domes are mounted to wall or ceiling.

Specifications: Made from shatter resistant acrylic or from unbreakable polycarbonate.

Acrylic: Our most popular mirror, shatter resistant, excellent clarity. Made of a lightweight material that offers superb reflection, similar to that of mirrored glass.

Polycarbonate: Made to be indestructible/unbreakable and is used in high security areas. Extremely lightweight (approximately one-third of the weight of glass), it offers superior optical clarity, making it material of choice for use in areas where glass mirrors would be unsafe or too heavy.

Trim: Black trim is available for full, half and quarter dome models, please call for pricing.
